## Closed Captioning

The Federal Communications Commission (FCC) is concerned that consumers may experience difficulty in receiving and/or viewing closed captioning on some digital television(DTV) programming, including high definition television(HDTV), provided by a subscription video provider.

If you have difficulties from Citizens Mutual Telephone Cooperative, you should ensure that the captioning function on your set-top box, if applicable, is turned on and ensure that the captioning function on your DTV is also turned on.

If you are still unable to view closed captions, you should contact the cooperative for assistance.
