Citizens Mutual to pay over \$277,000 to members

Citizens Mutual Telephone Cooperation is pleased to announce the payment of capital credits to customers who had telephone service during the calendar years of 1995 and/or 2017. The payments were mailed the first of June.

The Board of Directors placed value on returning a portion of all allocated patronage capital to our more recent or current customers as well as our long standing customers. The total dollar amount of capital credits to be paid out exceeds \$277, 000.

Capital credits represent patronage furnished by customers in excess of the cost of providing telephone service. This capital represents an investment in the telephone cooperative by its members and provides funding for capital improvements and operations while helping to reduce reliance on debt financing.

Citizens Mutual Telephone is pleased to return to its customers a portion of their capital investment in the cooperative while continuing to meet our investment goals for improvements.

The National “Do Not Call” List

A national Do-Not-Call Registry has been established to address unwelcome telemarketing calls. The registry applies to all telemarketers, with the exception of businesses with whom you have an existing relationship and certain non-profit and political organizations. Commercial telemarketers are not allowed to call you if your number is listed on the registry.

Consumers may register their residential telephone number, including wireless numbers, on the national Do-Not-Call Registry at no cost, either by telephone or via the internet. To register by phone, call 1-888-382-1222. For TTY, call 1-866-290-4236.

You must call from the telephone number you wish to register, or obtain additional information via the internet at www.donotcall.gov. Inclusion of your telephone number on the national Do-Not-Call Registry will be effective three months following your registration. Your number will remain on the registry for five years, at which time you may re-enter your number on the list. You also can remove your name from the list at any time.

Companies may still call if you’ve recently done business with the company, or if you’ve given the company written permission to call you. However, if you ask a company not to call you again, it must honor your request. Record the date of your request.
